### LEAD AGENCY

City of Pleasanton

### PROJECT DESCRIPTION (UPDATED SPRING 2016)

---

Project B-7 is located along El Charro Road in Pleasanton. The project would extend El Charro Road south from its current terminus at Stoneridge Drive/Jack London Boulevard to connect with Stanley Boulevard.

Currently, this section of El Charro Road is a private roadway, but the El Charro extension will be open for public use.

The El Charro Road Extension project consists of two phases.

- Phase 1 – between I-580 and Stoneridge Drive-Jack London Boulevard
- Phase 2 – between Stoneridge Drive-Jack London Boulevard and Stanley Boulevard, approximately 1.7 miles

### STATUS

---

Phase 1 was completed and open for public use in 2012 with the construction of the Livermore Outlets.

Phase 2 is dependent on the status/development of the East Pleasanton Specific Plan. This plan will identify the land use and circulation along the future El Charro Road and will identify a timeline for opening of this roadway for public use. It is anticipated that the project will be constructed with the first stages of the East Side Specific Plan development. The City of Pleasanton began the East Pleasanton Specific Plan in 2013 and the Pleasanton City Council, in 2015, determined that the completion of the Plan would occur at a later date and the Plan adoption was placed on hold.

### PHASING AND SCHEDULE

---

The project is expected to be constructed in several stages.

- Phase 1 – Completed and opened to traffic in 2012.
- Phase 2 – Schedule is undetermined at this time.
